

LEARNING - COMMUNITY - RESPONSIBILITY

We're a community with no bystanders and we exist to make an impact. That's why our comprehensive service learning programme is a core component of what we offer. In 2018/19, 250 Middle and High School students took direct action in service groups, with almost a fifth leading the groups themselves. We're proud of the connections, collaborations and the difference our students make week in, week out. That's what makes us Uniquely UNIS.

Service Learning

42

MSSH student led Service Learning groups
