

RESPONSIBILITY

In the academic year 2018/19, UNIS Hanoi established a Sustainability Committee. The Committee worked on a sustainability plan, with key actions rolled out in the academic year 2019/20.

Sustainability

1,800^{KWH}

energy generated by 6 solar panels and 1 wind turbine - used for cell phone charging in B8B

240^{CBM}

rain water collected to reduce water usage in B8B

5,400^{KWH}

solar heating for B4 was generated
