

LEARNING TO INSPIRE

Community Programme
Spring Session 2019

Welcome to UNIS Hanoi Community Programme

The Community Programme provides an opportunity for all residents of Hanoi to become a part of the UNIS Hanoi community through a variety of classes, workshops and sport activities offered for adults and children. The Community Programme should strive to meet the continuing education needs of both expatriate and Vietnamese residents. While it is important for the Community Programme to be financially self-sustaining, these classes, workshops and activities are not necessarily a source of revenue for UNIS. Rather, they are a vital component of the school's public relations efforts.

C3 Walk in the Footsteps of Mandarins and Merchants

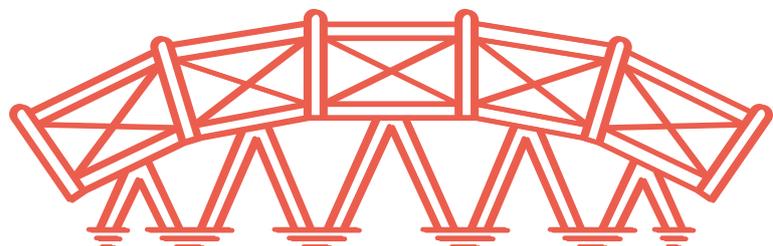

WEEKEND X 1

This unique walk led by an experienced guide was created and will be accompanied by Linda Mazur, author of Hidden Houses of Hanoi: and the stories they tell. It will take you on an adventure around Thien Quang Lake, an area which may look quite serene but with a history full of interesting, untold stories. In the 1920s and 1930s, the Thien Quang Lake area became the home for the rich, powerful and famous Vietnamese VIPs. In the 1930s, new zoning laws compelled the owners to build villas and refrain from opening businesses. Newly graduated Vietnamese architects from the Beaux arts college began experimenting with modern designs and materials. Through interviews with the architect's families, residents and scholars, a wealth of information about the turbulent times in which these villas were built is told. These architectural wonders are rarely on regular tours but deserve a place in Hanoi's history.

Not recommended for infants or children aged 8 and younger.

Please wear comfortable shoes.
